

WASHINGTON STATE UNIVERSITY

Introduction to WSU Accounting

Presented by
Terry Ely
Controller, Business Services/Controller
5-2008 terrye@wsu.edu

Updated February 2016

WSU

Objectives

- Some history of WSU
- WSU's basic accounting framework, its systems and how they inter-relate
- List the training classes that you can take to learn more about each of these systems
- List the resources and people that you can go to when you have a question

Please Ask Questions!

WSU

Tell me a little about you

- Where do you work?
- What do you hope to learn from this class?

**Washington State University is
Washington State's
Land Grant University**

- Morrill Acts of 1862 and 1890
- Hatch Act of 1887
- Smith-Lever Act of 1914

WSU is a public research university committed to its land-grant heritage and tradition of service to society.

WSU has a long tradition of excellence. It has great plans for the future. If you'd like to share that vision, see the university's mission statement and Strategic plan at the website below.

In addition, Finance and Administration has a vision and mission statement as well. We are in the process of updating it now.

 <https://strategicplan.wsu.edu/>
<http://baf.wsu.edu/StrategicPlan.html>

**WSU is also an agency of the State of
Washington, but....
A different kind of agency**

WSU doesn't collect taxes like the Department of Revenue
WSU doesn't build roads like the Department of Transportation

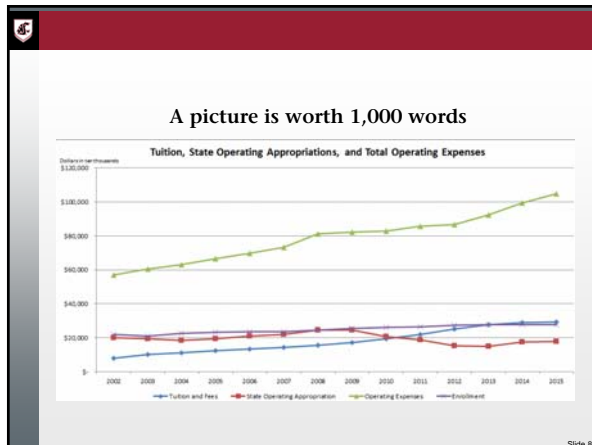

WSU sells education to students
We operate more like a business enterprise.

A competitive state agency

- Must compete to attract students
- Must compete to attract research
- Result – very different expenses

Sometimes our unique requirements make trying to fit into the state's mold uncomfortable. But it can be done.

WSU's Business Policies and Procedures have their basis in the state's laws and policies.

- Washington State Constitution
<http://www.leg.wa.gov/lawsandagencyrules/pages/constitution.aspx>
- Revised Code of Washington (RCWs)
<http://apps.leg.wa.gov/rcw/>
- Washington Administrative Code (WACs)
<http://apps.leg.wa.gov/wac/>
- WSU Business Policies and Procedures
<http://www.wsu.edu/-/forms/manuals.htm>
- Office of Financial Management (OFM) State Administrative and Accounting Manual
<http://www.ofm.wa.gov/policy/default.asp>

Why do we have all these rules?

- These laws and regulations provide the guidance framework for how the State does business. When properly implemented and followed, they will safeguard our resources, protect our staff, and provide internal controls to ensure that we are careful stewards of our public funds.
- These rules also guide us in how we track all of the business we've done. They define what our accounting systems need to track, how to record transactions to properly account for the financial resources we've received or used.

FUND ACCOUNTING

Governments use fund accounting. Fund accounting was created to enable governments to be "accountable" to their citizens.

- Tax levies for a specific project are placed in a specific fund for that project.
- Expenditures made to accomplish that project come out of that same fund.
- At the end of the project, citizens can see that their money was used as they had intended.

But wait! There's more!

- **Governmental Accounting Standards Board (GASB)**
Establishes the requirements for financial statement presentation and footnote disclosures for governments and public universities
Currently they have issued 64 pronouncements
- **National Association of College and University Business Officers (NACUBO)**
Provides detailed guidance to public and private colleges and universities on how to implement the guidance provided by GASB (and FASB)

These rules apply to how we must account for transactions within our accounting systems.

Brief History of College and University Accounting

- NACUBO
- FASB
- GASB
- Blank Slate Project

University Accounting

WSU uses fund accounting (“bucket accounting”) The source of the funds determines the bucket it goes into.

- State appropriated funds
- Self-sustaining funds
- Grant funds
- Donated funds

UNRESTRICTED or RESTRICTED

- Unrestricted funds – can be expended for any lawful purpose
- Restricted funds – can only be used for a specific purpose established by an outside person or entity

The Color of Money

- State appropriation funded budget

Operating account – 06F-5555-0001
 Instruction & departmental research for The College of Business
 PBL funded

The Color of Money, continued

- Federally sponsored grant money

Grant account – 11E-5555-0002
 Federal grant from the Department of Commerce to design a better mousetrap

Your Dean wants to Support the Grant

- Transfer money from our state account into the grant account so they can buy more cheese.
- You send an email to General Accounting requesting them to transfer the funds.
- They will tell you that you can't do that.
- Why?

The Color of Money, continued

- Green money is “unaccountable”

When you move “yellow” money and put it into “blue money”, it becomes muddled “green money”. You can no longer tell what the grant money spent for and what the PBL money was used for. To account for both types of money correctly, you should by the cheese with the PBL money and then let the grant pay for it. You can show the cheese purchase as cost share on the grant.

Some mixing of funds is allowable. In general, if you want to move money from one account to another within the same fund, you can do that.

If you want to move money from one fund to a different fund, call the Controller’s office first.

What Color is My Money?

You can tell by the fund number

- Unrestricted operating funds are: 001, 148, and 149
- Unrestricted internal service & auxiliary funds are: 400's & 500's
- Restricted grant funds are: 143 & 145
- Restricted donated funds are: 846

Donated Funds

- Not considered “state” money
- Fewer restrictions on spending than state money
- Can’t move state funds into donated funds
- Please read our 17A policy BPPM 70.33

 **How do I know what my money is to be used for?**

You can tell by the program and subprogram

- Instruction & Departmental Research (Programs 06 & 10)
- Sponsored Research (Programs 11, 12, 13, & 14)
- Public Service (Program 09)
- Student Services (Program 03)
- Academic Support (Programs 07 & 08)
- Institutional Support (Program 01)
- Operation & Maintenance of Plant (Program 04)
- Auxiliary Enterprises (Program 15)
- Scholarships, Financial Aid, Donations (Program 17)

 **Who can I call if I have a question about how to account for the money in my buckets?**

- Terry Ely, 5-2008 terrye@wsu.edu
- Joy Morton, 5-2072 joy.morton@wsu.edu
- Robert Wright, 5-2024 wrightrd@wsu.edu
- Tami Bidle, 5-1202 tbidle@wsu.edu

 **How do Funds and Programs fit into WSU's Financial Reporting?**

- Revenues are summarized by source
- Expenditures are summarized by object and by program
- Required adjustments, accruals, and reclassifications are made
- The result becomes the income statement on our financial statements

WSU financial statements are available online at:
<http://www.wsu.edu/genacct/finstat.htm>

Chart of Accounts

- An organization's chart of accounts forms the structural framework for accounting for all the organization's financial transactions.
 - Funds
 - Programs
 - Revenues
 - Expenditures
 - Other

General Ledger and Budgetary Sub-ledger

- FACTS
- BALANCES

BALANCES

- Cash basis
- Revenues, Allocations, Encumbrances
- Expenses
- Cash

FACTS

- Balances transactions feed to it through two control accounts, 7101 for revenue and 8101 for expenses
- Offset is cash, 1103
- Facts records all balance sheet transactions and converts our accounting system to an accrual basis

A Quick Walk through the Chart

- Funds
- Programs
- Revenue Sources
- Expenditure Objects

Funds

- Follows the State's accounting system
 - All WSU transactions are summarized and transmitted to the State monthly
- State Operating Appropriations - 001 (Unrestricted)
- State Capital Appropriations - 057 and 062 (Restricted)
 - 057 are monies provided by State budget for capital projects
 - 062 are monies earned on the land grant endowments and can only be spent for capital projects and debt service
- Federal Operating Appropriations - 143 (Restricted)
- Grants and Contracts - 145 (Restricted)

Funds, continued

- Self-sustaining Funds - 148 (Unrestricted)
 - Some are allocated
 - 148-02 F&A Cost Recovery
 - 148-05 Admin Fees and Interest
 - Others are managed by departments
 - These generate revenue
 - Their functions are education-related
 - They are set up as service centers
 - They are supposed to operate on a break-even basis

Funds, continued

- Tuition and Fees - 149 (Unrestricted)
 - All tuition revenue is deposited to these funds. The tuition revenue is then combined with the State operation appropriations and allocated to departments as part of their 001 allocation.

Funds, continued

- Local Construction Funds - 252 (Sorta restricted)
 - These funds are used to track construction projects that will be paid for with university funds or bond proceeds
- Internal Service Funds - 4XX (Unrestricted)
 - These funds are used by departments that perform services for all units of the university. Examples are: Central Stores, Motor Pool, Printing & Publications, and Facilities.

Funds, continued

- Auxiliary Funds – 5XX (Unrestricted)
 - These are fully self-supporting business-type operations that provide services to customers of the university – students
 - Examples are: ASWSU, the CUB, the Student Recreation Center, and Housing and Dining.
- Donated Funds – 846 (Restricted)
 - These funds contain monies donated to the university through the WSU Foundation. The monies may be used only for the purpose established by the donor.

Funds, continued

- Loan Funds – 849 & 860 (Restricted)
 - These funds track the various types of loans the university is authorized to issue to students.
- Endowment Funds – 859 (Permanently Restricted)
 - The WSU Foundation holds most of the university endowments, but WSU does hold a few on our books.
- Agency Funds
 - These are used for tracking money that WSU holds for others. Examples are: student clubs.

Revenue Source Codes

- Source and sub-source codes are used to identify the type of revenue received.
 - Revenue cannot be recorded in all types of funds. In general, self-sustaining, internal service, auxiliary, grant, and agency funds can receive revenue.
 - Before generating revenue, the department needs to submit a request to create a service center.

Classifications of Source Codes

- 0300 - Federal Revenue
 - These are generally only used by grant funds
- 0400 - Miscellaneous
 - These record revenue from property rentals, endowments, investment income, and sale of property and equipment
- 0420 - Charges for Services
 - The codes are meant to track revenues for charges to other departments of the university.

Classification of Source Codes, continued

- 0424 Tuition and Fees
 - These codes are used to classify the types of tuition and fees charged to students.
 - 0424-9x and 0425-xx record tuition waivers
- 0428 Revenue from Sales within an Area
 - When a department sells something to another department within their area, these source codes are used. Using these codes tells accounting why there was no administrative service charge applied.

Classification of Source Codes, continued

- 0430 Dedicated Student Fees
 - These codes are used to classify course fees and other student fees.
- 0440 F&A Cost Recovery
 - These codes are used by Sponsored Programs to record the F&A revenue received from grants.
- 0451 Revenue from Sales to Students and Outside Customers
 - These codes are used to classify sales made to customers of the university - students or other universities, or outside businesses.

Classifications of Source Codes, continued

- 0473 Investment Costs
- 0541 Contributions
 - These codes are used by the WSU Foundation to record contributions received
- 0546 Federal Pass-Thru Revenue
 - These codes are used by Sponsored Programs to track Federal revenues received through non-Federal entities
- 06xx Transfers (Revenue transfers)

Objects of Expenditure

- 00 Salaries
- 01 Wages
- 02 Service Contracts - Personal or Purchased
- 03 Goods and Supplies
- 04 Travel
- 06 Capitalizable Equipment
- 07 Employee Benefits
- 08 Scholarships
- 09 Principal and Interest on Debt
- 10 Capitalizable Land or Buildings

Objects of Expenditure

- 12 Depreciation, Amortization, Bad Debt Expense
- 13 F&A Charged to Grants (Sponsored Programs only)
- 14 Sub-Contract Expenses (Sponsored Programs only)
- 15 Cost of Goods Sold (only used by H&D)
- 16 Non-Capitalized Equipment
- 2x Intra-agency Reimbursements

 **WSU Accounting Systems**

- AIS PAPR – purchasing & accounts payable
- AIS DEPPS – payroll & position control
- SIS – student & general accounts receivable
- AIS SCBAIMS – service center billing
- AIS BPS – budget system/PBL data

 **Other Systems**

- Purchasing Card/Central Travel
- Point of Sale cashiering
- Property Inventory
- Facilities, Land
- Cost Share/Effort Reporting
- WSU Org
- Endowment Investment Tracking

 **AIS Balances**

- Allows you to view your accounts in summary and detail
- Flexibility
- Multiple years
- Essential tool
- Refer to BPPM 85.33 to request access
- Sign up for AIS: Account Balances training through HRS

Financial Data Warehouse

- Almost all data that goes into AIS Balances is exported to the financial data warehouse.
- Using Business Objects as the query tool, you can write and run reports to gather all information about your budgets
- The license is now free to all who need access.
- <https://infotech.wsu.edu/DataWarehouse/FinancialData/AccessProcedure.aspx>

AIS HEPPS/DEPPS

- Payroll processing system
- This system contains information on employees, payroll and position control
- Training is available through Human Resources
- <http://www.hrs.wsu.edu/Fiscal%20Management%20Training%20Resource%20Materials>
- Payroll data is fed to the Financial data warehouse

DEPTPAY

- All departments must have two people who have been trained in inputting hours for hourly staff and reviewing gross pay for departmental employees.
- You must attend training before you can use DEPTPAY.
- You must have access to DEPPS before you can get training.
- The training is offered through Human Resources.

PERMS & TEMPS

Personnel Action Forms must be completed using the PERMS system

- Frequently asked questions about PERMS
- <http://www.hrs.wsu.edu/utfls/File.aspx?fileid=5158>
- You may access PERMS via the following websites:
- <https://webapps.wsu.edu/ais/perms/permsmaster/permswelcome.aspx>

- Temporary Employee Personnel Actions must be processed using the TEMPS system
- TEMPS Training Manual
- <http://www.hrs.wsu.edu/utfls/file.aspx?fileid=1007>
- BPPM 60.26

Both PERMS and TEMPS training is available through Human Resources
<http://www.hrs.wsu.edu/ILT%20Schedule.htm>

Fiscal Management Training

- Human Resources offers a comprehensive selection of classes that will give you the knowledge you need to do your job well.
- Some of the classes are online, others are instructor-led like this one.
- See what is offered and the class schedules at:
<http://www.hrs.wsu.edu/Fiscal+Management+Training+Resource+Materials>

Focus Area Finance

Concept Area 1 – Accounting Foundations

- Accounting Foundations
- Accounting Fundamentals
- The Basics of Budgeting
- Funding at WSU
- Introduction to WSU Accounting Systems

Concept Area 2 – Financial Operations & Accounting Activity

- WSU Procurement 1 & II
- Purchasing & Purchasing Cards
- Central Stores, Receiving, & Delivery
- WSU Purchasing
- Purchasing Card Training, Levels 1 & 2
- Purchasing Card Training for Approvers

Focus Area Finance, continued

- Revenue Management
- Cash Handling
- AIS Account Balances
- Business Objects: Financial
- Business Objects: InfoBurst
- AIS: DEPPS
- Department Pay
- Position Control Training, 1 & 2
- Accruals, Allocation Adjustments and Reserve Accounts
- Travel Training
- Life Cycle of a Sponsored Program

Focus Area Finance, continued

- Concept Area 3 – Fiscal Management
 - Managing & Reconciling your Budget
 - Financial Analysis
 - Fiscal Audits and Internal Controls

Receivables – Internal or External

- Service centers & billing
- Invoicing customers

If your department bills for goods or services, refer to the BPPM 30.56 and 30.57 for policies and procedures to follow

If you have questions about customer billing, call Debbie Stellyes in Student Accounts, 5-1270, stellyes@wsu.edu

If you have questions about Internal Requisitions & Invoices (IRIs) call Marilyn Dahmen, 5-2042, dahmenm@wsu.edu

If you have a question about service centers, call Karen Breese, 5-2056, kbreese@wsu.edu

New Receivables system

- The university has converted to a new student system:
 - Admissions
 - Registration
 - Financial Aid
 - Student Accounts
 - General Receivables

Students and staff access the new systems through the myWSU portal.
The new software is PeopleSoft by Oracle.

Property Inventory

All university property meeting certain criteria must be inventoried. It must be tagged and safeguarded and can only be disposed of through Surplus Stores.

Who is the equipment inventory coordinator for your department or area?

What property must be inventoried?

- Weapons & Firearms
- Laptop Computers
- Licensed Vehicles and Trailers
- Any item of equipment whose:
 - Purchase cost is \$5,000 or more
 - Useful life is more than one year

If you have questions about property, call Tami Bidle, 5-1202, tbidle@wsu.edu

Sponsored Programs

If you are responsible for grants, there are a lot more regulations you need to be aware of:

The grant will be subject to Facilities & Administrative costs
The grant may require cost sharing & effort certification
Human Resources offers training on both of these areas.

- Effort Certification and Cost Sharing
- Understanding Facilities & Administrative Costs
- <http://www.hrs.wsu.edu/LT%20Schedule>

If you have questions about a sponsored program, call Kim Small, 5-2047, kksmall@wsu.edu

Revenue Management

Does your department ever receive cash or checks?
 Does your department ever receive electronic payments – wires or ach transfers?
 Take the cash handling course
 If you have questions about your revenue, contact, Nicole Blessing 5-2025, n.blessing@wsu.edu
 If you think you should have received an electronic payment, but don't see it in your account, call Robert Wright at 5-1202.

Recap

- WSU – Land Grant Public University
- WSU – State Agency
- Fund (Bucket) Accounting
- Funds, Programs, Revenue & Expense Codes
- WSU Accounting Systems
- WSU Training
- WSU Helpful Contacts

Email questions or let us know what other topics you would like to see covered.

That's All for Now, Folks!
