

ADMINISTRATIVE PROFESSIONAL POSITIONS MUST QUALIFY FOR ONE OF THE [EXEMPTION CRITERIA](#) SET FORTH IN RCW 41.06.070.

**ADMINISTRATIVE PROFESSIONAL
Benchmark Job Class
Application Systems Analyst/Developer/1356**

Function and General Scope

Positions assigned to this class are substantially responsible for developing and maintaining computer and/or communications application systems. Responsibilities include analyzing business information requirements, designing application system solutions, constructing and testing application components, modifying and/or enhancing existing application components, integrating new applications/application components/third-party packages with existing systems and procedures, documenting and deploying application solutions. Responsibility levels range from shared responsibility for maintaining a single application to primary responsibility for developing and deploying complex applications used university-wide.

Classification Requirements (Minimum Qualifications)

Positions require a Bachelor's degree and three (3) years professional experience. Any combination of relevant education and experience may be substituted for the educational requirement on a year-for-year basis.
