- ### Terminal Emulator Software
- Entire Connection (full functions but hefty cost).
  - **WC3270** – old version...cannot copy-and-paste.
  - **QWS3270** – free version; get what you pay for.
  - **TN3270 Plus** – [www.sdisw.com](http://www.sdisw.com) was free. Better than QWS3270 (Controller's Office uses this one).
  - **Vista TN3270** – Free software: [tombrennansoftware.com](http://tombrennansoftware.com)
  - **QWS3270 Secure** – purchase from [www.jollygiant.com](http://www.jollygiant.com) (currently \$69) (Kathleen's recommendation)

### Netpass

**The "Netpass" Command allows the user to log into multiple AIS Sessions.**

Type "Netpass" at the command line, then press <Enter>.

---

---

---

---

---

---

---

---

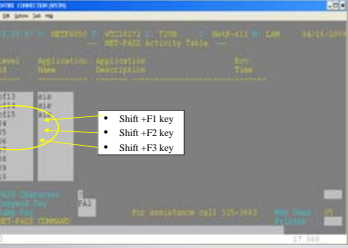

---

---

---

---

### Log onto multiple sessions

Type in a PF (stands for Function Key) line for each AIS session desired. Type PF#, then tab to next field, and type AIS. When done, tab to a PF line and press <Enter> and log in normally. To log onto a 2<sup>nd</sup> or 3<sup>rd</sup> AIS application, hold down the SHIFT key and press F2 or F3, respectively.

After logging on to all desired AIS applications, hold down the SHIFT key and the "PF" Function key to toggle or move from one application to another.

### Main Menu: pf1 Key

- The 'Home' screen: Main Balances Menu
- Report 01 and Report 15 are used the most.
- Report 12 is handy for Departments.
  
- Explanation on two other Report 15 screens:
  - 15S
  - 15X

---

---

---

---

---

---

---

---

**Detail Menu: pf2 Menu**

- More detailed data compared to Main Menu
- Adds date range to query
- Holds only previous 18 months detail and 3 years plus current fiscal year for the "All" parameter.

---

---

---

---

---

---

---

---

**And –  
"Now for Something Completely Different"  
pf3  
Full File Access Menu**

Generally used by Central Offices to report to various agencies, i.e. Washington State, granting agencies.

Not very useful for departments

### pf5 - Find Accounts

- Locate budgets by name, or by entering a budget to find all the projects associated with it.
- To find accounts that have the word "Revenue" in it, choose report 10 and select the word Revenue as the search criteria.

---

---

---

---

---

---

---

---

### pf6 Code Titles Menu

- To find information about objects, sources, funds, programs, and other data.
- This will bring you to a report screen to choose a display of various titles.

---

---

---

---

---

---

---

---

### Cost Sharing: pf7 key Cost Share Inquiry Menu

- From any main menu,
- Click PF7 to get to the cost sharing query menus

---

---

---

---

---

---

---

---

### Shadow Systems

- They exist from simple (i.e. Excel) to complex (i.e. Access database)
- Can be a "check register" to verify, confirm, or correction information in the WSU Accounting System.
- If your written/published departmental procedures address maintaining a shadow system, it may be subject to audit.
- In the end, AIS BALANCES is the official accounting record of WSU.
