NEW! Candidate Guest Guidelines
Details on inviting guests to on-campus interviews

Decisions about a career move often involve the input of a candidate’s spouse or partner. They will likely have concerns about the area’s amenities, cultural opportunities, schools, housing, job opportunities, and more. Candidates often wish to have their spouse/partner and sometimes their children or parent, accompany them to their campus visit so they can check out the area. If the candidate lets you know that their spouse or partner or family member will be accompanying them, providing information, resources, and activities are a great way to help them feel welcome. Annual Reviews

Reviews are an important part of the administration of each area, and contribute to professional development. As noted in the Provost, EVP Annual Memorandum, Annual reviews are required in accordance with BPPM 60.55.

Administrative Professional
Administrative professional (AP) personnel are evaluated annually on a calendar year (January 1 - December 31) or academic year basis, as determined by the senior executive for the area and in accordance with guidance found in the Administrative Professional Handbook.

Civil Service
Supervisors must provide feedback and formally evaluate the performance of:

- A probationary employee or permanent employee serving a trial service or transition review period before the employee attains permanent status in the position; and a permanent employee at least once annually prior to the employee's scheduled Periodic Increment Date (PID). See WAC 357-28-050 and .056 for information about the PID. Employees covered by collective bargaining unit agreements refer to the applicable agreements for information regarding leave.

Faculty
Faculty are reviewed annually in accordance with policies and regulations in the Faculty Manual.

Crimson Spirit Award Recipient

Andrea (AJ) Southard, Secretary Senior in the Division of Student Affairs, has been selected as the recipient of the November 2016 Crimson Spirit Award. As the first point of contact for the Vice President of Student Affairs/Dean of Students office, AJ takes the time to make sure that each person feels valued by confirming that she fully understands their questions and needs. Her patience, friendliness, and helpfulness on the phone and in person are the reasons she was selected to receive the Crimson Spirit Award.

For more information about the Crimson Spirit Award and the nomination form, please visit hrs.wsu.edu/CrimsonSpiritAward.

1095 Tax Forms Coming Soon

If you were eligible for health benefits in 2016, be it through WSU or elsewhere, you will be provided with a 1095 Form towards the end of February. The Form 1095 reports information about your health care coverage as required by the Affordable Care Act. This is not needed to file your taxes, but you should keep it with your tax documentation. It does not replace your W-2.

While the University will mail out your W-2 form mid-January, the 1095 forms will be mailed directly by either the Health Care Authority (HCA) or your insurance provider, and there may be situations where you receive one from multiple sources. These will be mailed to your home address around the end of February. They will be sent to every individual who was eligible for health benefits in 2016, including faculty, staff, benefit-eligible retirees and retirees. It will also be sent to all employees who worked at least 130+ in any month in 2016 regardless of benefit eligibility. Covered dependents will not receive their own 1095.

More information is available on the HRS http://hrs.wsu.edu/aca-form-1095/ or you can find additional information on the IRS Website or consult with a qualified tax advisor.
Apple Cup Fitness Results

Last fall Washington State University and University of Washington squared off in a fitness challenge, the Apple Cup Fitness Challenge. The goals of the challenge were to create a fun environment with a little bit of healthy competition between the benefit-eligible employees of the two universities! The challenge ran for five weeks (10/17 – 11/18) and while the WSU Cougs have much to be proud of, the Huskies pulled away with the overall win, resulting in being the institution to hold the trophy for the next year.

There were 711 total participants at the two institutions, and 533,162 total number of active minutes were tracked. Of those participants, WSU had 368 people participate, beating UW by having more than half! Considering the total number of employees at each university, this high level of participation is fantastic! Thank you everyone who participated.

Additionally, prizes were awarded to the top performer and other participants.

WSU’s top performer was Kendra Wilkins-Fontenot, Asst. Director, HRS. Kendra tracked 7,456 minutes of total activity, which averaged more than 1,490 minutes of activity each week during the five week challenge!

Our grand prize winner was Levi O’Loughlin, Biosafety Officer, Office of Research Assurance, who was randomly drawn to win the Apple Cup Tickets, located on the 50-yard line! (To have been eligible for the grand prize Apple Cup Tickets, employees had to participate in the challenge for three of the five weeks.)

**Additional prizes** (ranging from WSU bling, to tickets to other WSU sporting events) were awarded to employees across the state, and were chosen at random by Limeaide, the third party administrator of the SmartHealth platform.

WSU may participate in other fitness challenges in the future, so keep a look out to be a future participant! In the meantime, you can start working toward your [2018 Wellness Incentive](#), or focus on your wellbeing by participating with SmartHealth!
