Interaction of Leaves and Benefits

Leave Provisions
- FML, Disability Leave, Extended Leave as an RA, FCL, Parental Leave

Leave Types
- Sick leave, Annual leave, Comp time, LWOP, Personal Holiday, Shared leave

Employer Paid Benefits
- FML guarantees benefits regardless of pay status (as long as EE premiums are paid)
- DL - for pregnancy reasons and extended Parental Leave allows EE to use a minimum of 8 hours in the month to keep benefits active
- DL - for non pregnancy reasons allows EE to maintain their benefits by using a minimum of 8 hours leave. However an employee may not move in and out of paid leave
- FCL requires that EE stay in pay status and therefore benefits remain active
- RA has no benefit protections. If EE on full LWOP for entire month will need to COBRA benefits

Family Medical Leave

Federal Provision
- Job and Benefits protected leave
- 12 weeks/480 hours of leave, in a rolling 12 month period, for a full-time employee for qualifying event
- HRS determines eligibility

Family Medical Leave Qualifying Events:
- Employee’s serious health condition
- Birth, adoption, or placement of a child (Parental Leave)
- Care for a qualifying family member (child, parent, spouse) with a serious health condition
**Family Medical Leave**

- Employee chooses how to use accrued leave or LWOP
- Leave can be for a block of time, reduced work schedule, or used intermittently
- All based on supporting medical documentation

**Family Care Leave**

**State Provision**

- Care for an eligible family member
- Extends only as long as paid leave is available. Full-pay status required
- Eligible Family Members include: spouse, child, parent, parent-in-law, and grandparent

**Family Leave Act**

**State Provision**

- FLA is available to FML eligible employees
- FLA Parental Leave is for non-medical ‘baby/child bonding’
- Up to 12 weeks of Parental Leave (in addition to FML for medical reasons)
- May be used within the first year after birth, adoption, or placement of a child
- FLA may be denied by a department on the basis of business necessity (consult HRS DS)
Parental Leave
FML and Family Leave Act interaction

**FML: What you Can and Can’t Say**

**Can**

- Ask them if time is for FML

**Can’t**

- Deny leave at any time
- Put on notice, do nothing

- Retaliation, off-hand comments

---

**Leave Types**

Filing an L&I Claim

If an employee chooses to file an L&I claim they do so through medical provider, online, or over the phone.

Different process than Incident Report
WSU may question the claim validity if:
- Not covered by law, nor work related, questionable based on situation etc.

Notify HRS immediately if concerns with incident

Workers’ Compensation and Leave

- Not ‘kept on salary’
- Employees use own accrued leaves to maintain WSU pay
- Must use ≥ 8 hours of pay in a month to maintain benefits under FML and DL leave provisions

Return To Work Coordination

- Goal is to return injured workers to the workforce asap
- HRS Pullman coordinates WSU portion of all claims
Return To Work Coordination

Do not change job duties due to illness or injury. Could potentially informally accommodate. Talk to HRS.

NOTE: Duties reviewed are from position descriptions on file with HRS. It is imperative these are accurate.

Temporary Modified Duties

• If normal job is impacted by limitations, can the job be temporarily modified?
• Examples of Temporary Modified Duties:
  • Part-time/alternate schedule.
  • New duties - same knowledge.
  • Change building or location.
  • Different equipment or work methods.
  • Special projects.
  • Other duties within position description.

Reasonable Accommodation
**Reasonable Accommodations (RA)**

- WSU will provide RA for a known physical, mental, or sensory limitation
- Employee must be able to perform the essential functions of the position with or without an RA

**Not a Qualified Disability**

- Non-chronic condition
- Sprain, broken limb, flu
- Current *illegal* drug use
- Active alcoholism or abuse

**Types of Accommodations**

- Facility modifications or location change
- Work space modifications
- Acquiring or modifying equipment or devices
Types of Accommodations (cont.)

- Work area equipment purchase
- Work schedule modifications
- Extended leave (consistent with law)
- Reassignment to an open, vacant, recruited position

RA Process Overview

Identification - by the employee, the supervisor or a health care provider

Documentation - medical certification normally required

Accommodation - HRS will work with the department and the employee to review the request and possible options

RA Interactive Process
RA Stages - Review
1. In collaboration with department:
   • Capabilities and limitations
   • Position description and job functions
   • Departmental needs
2. HRS contacts and works with other WSU or external partners as needed:
   • Environmental Health and Safety
   • Capital Planning
   • Job coaches

RA Stages - Decision
If an RA is identified:
1. Appointing Authority approves the RA
2. HRS documents accommodation
3. Review date established
If no RA is identified:
1. Full review and vetting process
2. HRS determines next steps in accordance with laws, rules and University policies

Undue Hardship
• Not based solely on departmental funds, it is more global.
• No central funds for accommodations.
• Light duty and/or extended medical leave are RARELY undue hardships.
Department Responsibilities

**What to do**
- Notify HRS of the possible need for leave/RA.
- Keep conversations “private.”
- Be an active, constructive participant in the leave and RA processes.
- Accommodate through the official RA process.

**What Not to Do**
Do not informally accommodate.
Do not make job changes based on employee provided information regarding a “medical condition” without engaging HRS.
General Examples:
  - Changing the employee’s essential functions. (Over time or even if identified as temporary)
  - Providing equipment.
  - Moving their office.
  - Adjusting their schedule/work structure.

Disability Services Coordination

Interplay between these leaves is complicated. HRS is here to help you manage the process.
