

**FACULTY  
BENCHMARK JOB CLASS  
Librarian 4 | 0490**

**Description Summary:**

After at least six (6) additional years of exemplary work, tenured Library faculty may be promoted to this level. For public services positions, librarians will provide research services, teach classes on accessing and managing information, serve as a liaison to assigned area(s) and select materials for purchase in those discipline(s). For technical services positions, librarians will be involved in acquiring, cataloging, and maintaining resources in a variety of formats. For systems positions, librarians will be involved in system administration, programming, and supporting technical operations.

**Examples of Suitable Qualifications:**

An ALA-accredited Master's degree in Library/Information Science and relevant experience.
