SPS is using Jira to keep track of subcontract invoices.

- Since Spring 2018, SPS is keeping track of subcontract invoices in “Jira”
- When SPS receives a subcontract invoice, SPS checks it for the major components, uploads it into Jira and sends it to the dept.
- The department verifies the expenses and approves the invoices.
- According to the UG the invoices need a specific certification statement.

Close Out Procedures

- Ensure all subcontractor’s invoices have been received/paid, including a final marked “final”.
- All progress reports/deliverables have been received.
- Ensure close out documents have been received.

Sub-recipient Monitoring

- Under §200.207 WSU can impose additional specific award conditions (for more details see UG §200.207)
- For example:
  - Applicant has a history of failure to comply and fails to meet expected performance goals
  Conditions must be removed once the condition has been corrected.
Subcontract Monitoring

§200.338 ‘Remedies for noncompliance’, allows WSU to take one or more of the following actions for subcontractors who are unwilling or unable to comply with the monitoring requirements:

- Temporarily withhold cash payments pending correction.
- Disallow all or part of the cost for action not in compliance.
- Wholly or partly suspend or terminate the Federal award.
- Initiate suspension or debarment proceedings.

Possibility of High Risk Indicators

- A qualified audit report or failure to have a current audit report
- History of non-compliance or non-performance (failure to use funds for authorized purposes)
- New sub-recipient (or new to this type of project)
- Award size relative to sub-recipient’s sponsored research portfolio

Possible Mitigations to High Risk Assessment

- Special Monitoring Plan (PI/Dept./ORSO/SPS)
  - More frequent contact with sub-recipient or
  - More frequent technical reports
- Add more detailed or frequent invoicing requirement.
  - Backup documentation
- Tie receipt of technical progress reports to payments.
- Add more stringent language in subcontract to comply with award requirements.
Audit Results

June 2016 report
University of Wyoming

- Did not provide a schedule of expenditures that clearly identifies as Federal funds, and this impacted the reported funds in SEFA (Schedule of Expenditures of Federal Awards).
- Any auditee is to prepare a schedule of expenditures of Federal awards for the period covered by the financial statement including notes that describe the significant accounting policies used.

Audit Results

February 10th report
Colorado State University;

- The audit found that the University did not report in a timely manner under the Transparency Act.
- Required sub information was not reported for four of the 29 Sub awards
- One sub award was 10 months late and 2 were submitted with incorrect dates
- The problem occurred because of lack in the review process

Audit Results

Fiscal Year 2016
University of Pennsylvania

- Transfers were not clearly documented and the equipment inventory were not retired in a timely manner.
- Every transfer should be clearly documented and saved according to the award detail.
- The University should record the equipment purchased and include timely recording of transaction.
