Tax-Free Medical Savings Accounts

These programs can assist with out-of-pocket health care costs.

- **Medical or Limited Flexible Spending Arrangement (Employee-Funded)** - These voluntary accounts are pre-loaded with your full annual election as of the account effective date, and you pay this back over the course of the year through payroll deduction. Contributions range from \$120 to \$3050 in 2024.
- **Health Savings Account (Employer/Employee-Funded)** - This account is automatically activated when enrolled in a CDHP Medical Plan. Maximum annual contributions are \$4150 (single) - \$8300 (family), with additional \$1000 if over 55. Employer annual contribution can be \$700 (single) or \$1400 (family).

Life Insurance

WSU provides employees with a basic policy of \$35,000 Term Life Insurance and \$5,000 Accidental Death & Dismemberment (AD&D) at no cost. For a monthly premium, new employees can purchase Life Insurance coverage up to \$500,000 as a guaranteed issue, and potentially up to \$1,000,000 through medical underwriting. Additional AD&D amounts are available up to \$250,000. Spouse/Registered Domestic Partner and dependent policies can also be purchased.

Long-Term Disability (LTD) Insurance

WSU provides a basic LTD policy at no cost to the employee. This policy will provide a maximum taxable benefit of up to \$240 per month after 90 calendar days of total disability. Employees may enhance this benefit by purchasing optional coverage, which insures 50-60% of their pre-tax salary, up to the first \$16,667 of monthly earnings.

Retirement Plans – Classified Staff employees have the following retirement plan options:

- **Public Employees Retirement System (PERS) Plan 2:** PERS Plan 2 is a defined benefit plan that is based on the length of time the employee has worked, their salary, and their age at retirement. Both the employer and the employee will contribute to this plan.
- **Public Employees Retirement System (PERS) Plan 3:** PERS Plan 3 offers a hybrid approach. The employer contributions fund the defined benefit portion which is based on the length of time the employee has worked, their salary, and their age at retirement. The employee contributions fund the defined contribution portion in which the benefit is based on an accumulation of those contributions and investment performance.

Voluntary Investment Plans

All employees have the ability to make additional contributions to one or both of the voluntary retirement programs up to the IRS maximum limits. The plans are the Voluntary Investment Program (VIP) through TIAA (a 403b plan) and/or the State of Washington Deferred Compensation Program (a 457b plan).
