

### Important Benefits Information for Separation Due to Layoff/Reduction in Force

As you leave employment with Washington State University, the following are some topics we encourage you to review to ensure you are aware of how your separation from the University impacts your benefit and retirement program(s).

For additional and detailed information, including links to various forms and paperwork referenced in this handout, please visit: [hrs.wsu.edu/employees/benefits/separating-employee-information/](https://hrs.wsu.edu/employees/benefits/separating-employee-information/). If you have questions, contact HRS Pullman at (509) 335-4589 or by email at [hrs.benefits@wsu.edu](mailto:hrs.benefits@wsu.edu).

#### Contact and Address Information

- **WSU:** It is important to update addresses online through Workday. This will ensure WSU is able to mail any important information you may need after you separate, such as your W2 and 1095 forms.
- **Retirement Program(s):** Contact TIAA and/or the DRS directly by phone or through their portals to report the updated address for retirement accounts, and to receive future mailings from them.

#### Benefits

##### Medical, Vision and Dental Coverage

- Medical, vision and dental coverage ends on the last day of the month in which you are paid for at least 8 hours in your benefit-eligible appointment with WSU. You may be eligible for continuation of your medical/dental coverage for up to 18 to 29 months, dependent upon whether you are eligible for COBRA provisions or continuation of benefits due to Layoff/Reduction in Force.
- In the event your spouse, registered domestic partner (RDP), or parent works for WSU or another state of Washington employer, they may have the option of adding you onto their insurance as an eligible dependent for a lower premium rate than the self-pay/COBRA rates. **They have 60 days from the end of your coverage to pursue this option via Workday. Postponing making this request could result in a gap or loss of coverage.**
- The Health Care Authority (HCA) will mail a self-pay/COBRA packet to your home address. Employees can access this information online at [hca.wa.gov](https://hca.wa.gov) or by calling the HCA directly at (800) 200-1004. **You have 60 days from the date your coverage ends to pursue this benefit.**
- You may also review coverage options through the ACA Marketplace. Please visit [healthcare.gov](https://healthcare.gov) for additional information.
- HRS Benefits will monitor return to work scenarios for 24 months following layoff separations. If an individual returns to work in the 24 month period, even to a non-benefit eligible position, they will automatically be benefit-eligible again for any month they work 8 or more hours. If the job is a Non-Permanent/hourly position, the department will be responsible for the employer contribution towards the benefits package.

*Refer to WAC 182 Chapter 12 Section 131 for information regarding benefit eligibility or contact HRS. If you do not agree with the benefit eligibility decision WSU makes, you have the right to request HRS to re-evaluate your benefit eligibility at any time. Should you disagree with the eligibility decision made by HRS, you also have the right to appeal through PEBB Appeals Process <https://www.hca.wa.gov/about-hca/file-appeal-pebb>*

#### Retirement Plans (including Voluntary Investment Plans)

Employees have options regarding management of their retirement account(s) following separation from employment, which could include leaving funds in the account(s); rolling-over funds into another investment vehicle; or withdrawing some or all retirement funds. Employees should contact their retirement plan directly and speak with a tax advisor to understand the implications of their choice, such as taxes, possible penalties, etc.
